

Music in the Schools Project

The purpose of the Music in the Schools program is to present live musical performances by professional musicians to students in an effort to increase the student's knowledge, understanding, appreciation and enjoyment of live music.

- The Chicago Federation of Musicians has again set aside funds each year as a funding base to support free educational concerts in the schools.
- The program is open to all CFM members who wish to participate in educational performances in schools located within the jurisdiction of Local 10-208. Groups must be comprised of musicians that work together regularly.
- In order to be included and accepted, an application must be submitted by the ensemble and approved by the Music in the Schools Committee.
- Soloists and groups of up to six (6) musicians are eligible to participate. Musical groups are required to provide their own music stands and all necessary equipment.
- Programs **MUST** be educational in nature and include a question-and-answer segment.
- A school may have a program not to exceed forty-five (45) minutes in length. An ensemble may perform two performances at the same school or two (2) different schools within a two-hour time period. **NO overtime will be permitted.**
- There will be a limit of ten (10) educational program projects per ensemble.
- All groups and programs may be evaluated by the school's representative and a Music in the Schools committee member.

Call the Vice-President's Office at 312-782-0063, ext. 222 for applications or with any questions.
